June 2018 – Mar 2020

Siddardha High School

Board Of Secondary Education Andhra Pradesh(BSEAP) | 9.8cgpa

Kandukur , Andhra Pradesh

June 2017 – Mar 2018

EXPERIENCE

APSCHE edunet foundation

Front-end Developer

Remote

June 2023 - July 2023

- Languages used: HTML, CSS, JavaScript, and Bootstrap.
- Developed and maintained user-facing webpages using HTML, CSS, JavaScript.
- Designed and implemented interactive user interfaces for websites and applications.

PROJECTS

• Major Undergraduate Project : BioMetric Authentication of Automatic teller Machine(ATM)

Among the various biometric technologies available, face recognition-based ATM is gaining popularity due to its ease of use and enhanced security features. This technology provides an alternative to traditional ATM card-based transactions, which rely on PIN numbers for verification. The face recognition system captures the image of the customer's face and compares it with the stored image in the bank's database to authenticate the transaction.

- **Tech Stack** : Python, OpenCV, Tkinter

• Personal Project : Portfolio

A portfolio project is a dynamic representation of your skills and accomplishments, tailored to your professional or creative field. It plays a crucial role in showcasing your expertise skills and fields. It contains all the details of the profile which is required for the people.

- **Tech Stack** : HTML, CSS, Bootstrap.
